LAMPIRAN: DATA VOICE OVER KARAKTER GENSHIN IMPACT

| Wanderer | |
|-------------------------------|---|
| Tema | Detail |
| Hello | You want me to introduce myself? I've gone by many names and title during my journey. Although each one is more eminent than my ordinary mortal could imagine, they're all just water under the bridge to me now. Call me whatever you like. Go ahead, let me see what you can come up with. Don't disappoint me. |
| Chat: The Wind | There no such things as pure as freedom in this world. Even the wind cannot blown forever. |
| Chat: Manner Of Speech | You think I've got sharp tongue? I just tell it like it is. If someone can't handle it, maybe that their problem. |
| Chat: Exchanging Pleasantries | There's no need to exchange pleasantries. It's rather pathetic to force a conversation just occupy silence. |
| When It Rains | You want use my hat as an umbrella? Hmph, the audacity even make that request... |
| After The Rain | You're so happy just to see the sun again? How childish. |
| When Thunder Spikes | Huh. How irritating. |
| When It Snows | Fundamentally speaking, there's little difference |

| | |
|-------------------------------|--|
| | between snow and rain, yet people lavish praise only upon the former... fate can truly arbitrary. |
| When The Wind Is Blowing | A simple breeze like this... even you can't conjure it right? |
| Good Morning | "Rise And Sun shine, Sleepy Head, The Sun's Already In Your Eyes!" ...Haha, don't tell me you're actually thought I'd wake you up like that? |
| Good Afternoon | I have no need for food. Save me the trouble and take care of yourself and that small thing floating next to you. |
| Good Evening | Finally, another boring day is drawing to a close |
| Good Night | What, can't fall a sleep with me around? Hehe. |
| About Wanderer: The Puppet | A puppet consumed by a raging fire will leave behind ashes. As for what will emerge from them... |
| About Wanderer: Heart | I'll leave that kind of thing to fate. Obsessing over something that's destined to be ever out of one's reach is just a waste of time. I have more important thing to attend to at the moment. |
| About Us: Rivals | So, you're still stewing over our run-ins from before? Huh. Well, what are you going to do about it? Take your time. I'm in no hurry. |
| About the Vision | Although the idea of "divine favor" makes me a little |

| | |
|-----------------------------------|---|
| | <p>ill, I'm not going to be picky about a new source of power. You think there's some kind of meaning behind the element of Anemo? Hah, why did that thought even occur to you? The gods aren't guided by any kind of rationality or moral compass. Haven't I shown that to you already?</p> |
| <p>Something to Share</p> | <p>I've got nothing. Ask me anything if you want. If a question is interesting enough, I may give you an answer.</p> |
| <p>Interesting Things</p> | <p>Look. The birds are showing off their plumage, the squirrels are busy hoarding food, and humans are laboring for their livelihoods. Truly, simple animals don't need anything complicated to be fulfilled.</p> |
| <p>About Lesser Lord Kusanali</p> | <p>While I still had value as a pawn, she might have had other reasons to keep me alive. It's certainly possible that it was because she's wise or benevolent, or happened to see a hint of loneliness within me... You think I'm trying to think the worst of her? Hah, did you really expect anything else? In case you've forgotten, I'm no saint.</p> |
| <p>About the Raiden Shogun</p> | <p>She completely neglected her own creation, and to add insult to injury, she said it was because she</p> |

| | |
|--------------------|---|
| | "couldn't bring herself to intervene" in my fate... |
| About the Tsaritsa | Everyone praises her for her kindness and benevolence, but they forget that love is also a form of sin. What if she's just trying to compensate for something? |
| About The Jester | The Jester is a survivor of Khaenri'ah. Besides that singular fact, I know very little about him, and never had any kind of close association with him. He seems to want something from me, though. In the past, he assigned to me many important tasks, including a number of trips to the Abyss. |
| About The Captain | "The ever-righteous Captain," "the brave and fearless Captain," "the nigh-invincible Captain"... Even my mechanical ears demand maintenance after listening to so many compliments from the members of the Fatui. Don't you think that possessing absolute righteousness is actually a latent danger? And that's without taking his great personal strength into account. |
| About The Doctor | It's a pity that Lesser Lord Kusanali already forced him to erase so many of his segments. The joy I would have derived from slicing them apart one by |

| | |
|-------------------|--|
| | one... |
| About Damselette | Let me ask: what should you do if you were to encounter a "damsel" who is oblivious and innocent at any given time, and unconcerned and unfeeling in any given situation? If it were me, I could at least challenge her to a fight. But if it were you... with your conscience, I would stay away from her. |
| About The Knave | A wolf in sheep's clothing. To exert a higher level of control over people, she puts on a graceful and cordial front. Most of those who have seen her true, crazy self... have gone poof. |
| About The Rooster | Only someone as dense as Childe would think The Rooster is looking after him and his family out of the goodness of his heart. Although the mayor has indeed done a number of things for their benefit, anyone with a brain would be able to tell that the underlying meaning is "your entire family is in my hands." |
| About Marionette | She has a terrible personality and cares for nothing outside of her own research. But even with that amount of dedication, she still produced a copious amount of garbage, and could only secure a ranking that's still one whole place beneath my own. How |

| | |
|------------------------|---|
| | pitiful. |
| About Reqrator | Oh, the ninth-ranked guy. He's obsessed with the idea of "fair exchange," to the point of wanting to overthrow the natural imbalance between gods and humans. But, I guess it's just how ordinary mortals are like — it's easy for them to come up with pointless delusions. Honestly, it's nothing worth writing home about, just like how there's also nothing impressive about his abilities or choice of partner. Hmph. Anyone who chooses to work closely with The Doctor is sure to meet a nasty end. |
| About Childe | He's simple of mind and not that strong of body. Naming him to the lowest-ranked seat lowered the Harbingers' collective prestige. Thankfully, I'm no longer part of that group. |
| About The Fair Lady | Nothing remained in her ashes. I have no interest in those who have lost their future. |
| About Yae Miko | A smooth-talking youkai. Though she pretends to care about humans to gain the favor of her god, all she seeks are entertaining ways to pass her time. |
| About Kaedehara Kazuha | You speak of the descendant of the Kaedehara clan? Then isn't he... Wait, he also possesses an Anemo |

| | |
|---------------------------------------|---|
| | <p>Vision? ...And even managed to take on the Raiden Shogun's Musou no Hitotachi? Hehe... Ahahahaha!</p> |
| <p>More About (Wanderer): I</p> | <p>You want to learn more about me? How ridiculous. Don't you know that's only asking for trouble?</p> |
| <p>More About (Wanderer): II</p> | <p>Oh, I'm well aware that many, many people will want to seek me out and settle the grudges they've built against me in my past life. Fine by me — come one, come all, I say. As a matter of fact, I'm somewhat looking forward to it.</p> |
| <p>More About (Wanderer): III</p> | <p>I once thought that deification would allow me to get rid of all of my pointless emotions, but I've since abandoned that view. Anger, whether it be from others or myself, is too convenient and useful as a tool.</p> <p>How can some people just never become angry? I find that impossible to even imagine. Do they just not have a single mean bone in their bodies?</p> |
| <p>More About (Wanderer): IV</p> | <p>When I entered Irminsul, there was only one thought in my mind: I wish I'd never been born at all.</p> <p>Irminsul responded to my wish, but didn't bring me the outcome I desired. The fate of this world hasn't changed a single bit when it comes to playing cruel</p> |

| | |
|-----------------------------|---|
| | tricks on its prisoners. |
| More About (Wanderer): V | You and I have crossed paths in the past, but our journeys will eventually diverge. Who knows what will happen next? Let's just wait and see. |
| (Wanderer)'s Hobbies | Hobbies? Those are for idle bodies who have the free time to think about such things. Do I look like I have any interest in distractions? |
| (Wanderer)'s Troubles | I'm trying to figure out a way to get rid of you so I can go commit atrocities. ...Wait, did you think I was being serious? |
| Favorite Food | Do you have some tea? The more bitter, the better. It leaves the most fascinating aftertaste. |
| Least Favorite Food | I'm no fan of Dango, or any other sticky sweets that make me feel like my teeth are fusing together. Keep them to yourself. |
| Receiving a Gift: I | It's okay. Guess this is one of the few things you're good at. |
| Receiving a Gift: II | Not bad. You actually made something edible. |
| Receiving a Gift: III | You wanna poison me? Are you so dumb as to have forgotten that I'm not human? |
| Receiving a Gift: | It's okay. Guess this is one of the few things you're |

| | |
|---|--|
| I | good at. |
| Receiving a Gift: II | Not bad. You actually made something edible. |
| Birthday | Give me your hand. Heh, there's no need to be nervous. I'm just taking you to a vantage point. |
| Feelings About Ascension: Intro | ...I can see the great deal of effort you put forth. |
| Feelings About Ascension: Building Up | The wind is blowing this way... What did you do? |
| Feelings About Ascension: Climax | You aren't worried about making me more powerful? ...Alright. |
| Feelings About Ascension: Conclusion | Although I can be of help to you, seeing me as an ally is still a dangerous endeavor. I hope you understand what you're doing. If you still insist on continuing down this path, then let me lead the way. |

| Xiao | |
|-------------------------------|---|
| Tema | Detail |
| Hello | If you awake to a knife at your throat, if monsters dig their claws into you, if death comes knocking at your door, call out my name. Adeptus Xiao. I will be here when you call. |
| Chat: Idleness | Reduced to just standing around. How absurd. |
| Chat: Wandering Spirits | The damned will sooner die again than lay a hand on me. |
| Chat: Corruption | Grrgh... Those memories... So dark... |
| When It Rains | Demons do not stop for the rain. Move. |
| After the Rain | The rain stopped? Hmph. I don't concern myself with the weather. |
| When Thunder Strikes | Many mortals fear lightning... Incomprehensible. Fear of something so common. |
| When It Snows | Once the snow is thick enough, we can eat it. |
| Good Morning | We're wasting time. Let's go. |
| Good | Lunch... We'll go back to Wangshu Inn. |

| | |
|---------------------------------|--|
| Afternoon | |
| Good Evening | Night... When the darkness comes to envelope you. Don't stay outside. |
| Good Night | Go. I'll be here. |
| About Xiao: Inhuman | I'm far from human. I can't make much of human emotions. |
| About Xiao: Liyue | Liyue is changing. Rapidly... Forget it, it means nothing to me. |
| About Us: Warnings | If a day comes where even you are taken by the darkness, it will be up to me. |
| About Us: Trust | Do not fall prey to the darkness. I have no mercy. Though perhaps you can stand your ground alone. |
| About Us: Drowsiness | Who's there? Oh... You think I sleep? You have no respect for the ways of the adepti. |
| About Us: Lantern Rite | The Lantern Rite? The time for humans to discard their glowing trash into the sea has returned... How childish... Though if you insist... I will go with you. |
| About the Vision: Desires | Visions? Desire? Ha. Do not judge adepti by your mortal ideals. I have no desire. |
| About the Vision: | Hiding? I'm hiding nothing. I just won't speak of desire to others. Do mortals not have a rule about spoken wishes never coming |

| | |
|--------------------|---|
| Reasons | true? Hm? What do you mean that's not the same? |
| Something to Share | I deal in death |
| Interesting Things | Dihua Islet was once deserted. Though that was many decades... no, centuries ago... |
| About Zhongli | Can I ask... Zhongli — what does he do with his days? Huh? Birds, antiques, flowers... Hmm... What deeper meaning do they hold? |
| About Beidou | Beidou? I have nothing to do with her. Though there is such a thing as the leviathan. As a mere human, she has proven her power in defeating Haishan. |
| About Baizhu | You want... Baizhu to make a medicine to take away my pain? I understand your intentions, but mortal medicine has no effect on adepti. |
| About Hu Tao | Hu Tao? Her liveliness is irritating. Fortunately, she is also humorous, so you need not worry about her growing into a boring human. |
| About Venti | Venti? So that's the name he goes by. His tunes are... forget it. |
| About Ganyu | Ganyu is neither mortal nor illuminated beast. Wandering both the mortal and Adepti realms with duty as her sole guide, it was inevitable that she would become perplexed... What? Me? You believe a Yaksha who knows nothing more than how to massacre |

| | |
|----------------------|---|
| | countless souls and emerge unscathed is a suitable mentor for such an individual? ...Your mind occupies a very different world from that which your body inhabits. |
| About Shenhe | It seems Shenhe places a great deal of trust in you. Well, how could she not. There are few people in the world as kind and good-natured as you. |
| About Yelan | I've heard that she once investigated The Chasm, following the trail of the Millelith. If she can investigate mysteries like that on her own, she must be someone of rare skill. |
| More About Xiao: I | I'm willing to protect you. But don't think about getting close, and stay out of my way, or all that awaits you is regret. |
| More About Xiao: II | In the thousands of years that have passed, I have taken countless wraiths. If you want no trouble, stay away from me. See me as a weapon, and nothing more. |
| More About Xiao: III | Their voices... I can always hear them. Their screams, their cries, demanding more death... This is my burden to carry. It has nothing to do with you. |
| More About Xiao: IV | Morax...? What do you know of this name?! He gave me the name Xiao, and released me from the endless pain I endured. I will not forgive those that dare to speak against him, even you. |

| | |
|----------------------------------|--|
| More About Xiao: V | It's too late. The connection between us is too strong. Even if you wanted to, it's too late to sever it. Hm? You've never thought to sever it? *sigh* This eternal dance of demon subjugation... My fight goes on. But I would like to know more about you. |
| Xiao's Hobbies | There's nothing timid about you, having the courage to ask about my hobbies. So, fight me. How long do you think your body will last against my blows? |
| Xiao's Troubles | Trouble? Ha. Trouble means nothing to adepti. There is no trouble that can last for a thousand years. |
| Favorite Food: Almond Tofu | I have no interest in mortal food. Cooking is tedious and the wait is long. The one thing I can manage to stomach is Almond Tofu. |
| Favorite Food: Memories | The taste of Almond Tofu feels like a fond dream... |
| Least Favorite Food | Wait. I am expected to place slices of meat in wrappings myself? And then... eat them? Together? Ugh, humans these days do not know what they are doing. |
| Receiving a | Mm... Not bad... Why are you staring at me? |

| | |
|---------------------------------------|--|
| Gift: I | |
| Receiving a Gift: II | No need. |
| Receiving a Gift: III | Try something else next time. |
| Birthday | This mortal concept of commemorating the day of your birth really is redundant. Wait. Have this. It's a butterfly I made from leaves. Okay. Take it. It's an adepti amulet — it staves off evil. |
| Feelings About Ascension: Intro | This is it? Nothing worth getting excited about. |
| Feelings About Ascension: Building Up | New power? All it will be used for is death. |
| Feelings About Ascension: Climax | The limit to one's power is self-destruction. Answer me. Why do you persist? |
| Feelings About | Countless souls have fallen prey to these hands. I too have been swallowed by the darkness — and yet you dare to drive me on. |

| | |
|------------|---|
| Ascension: | You may think of me as... your companion. You seek to find me |
| Conclusion | salvation? ...You... really are a difficult being to comprehend. |

| Kaedebara Kazuha | |
|-------------------------|---|
| Tema | Detail |
| Hello | "Come driving rain or winds that churn, I shall return, by blade alone, armed, if barefoot, to my home..." I am Kaedebara Kazuha, a wanderer who roams the land. Since we are both travelers, let us journey together for a time. |
| Chat: Nature | This scenery is wonderful... Surely enough to convince anyone to become a wanderer. |
| Chat: Playing a Tune | There are leaves around — and I know just the tune to accompany them, if you wish to hear it. |
| Chat: Bladework | Wherever in this world I roam, I carry memories of my home... This blade... It is the last link I have to the land of my birth. |
| When It Rains | Taking a stroll in the middle of a downpour certainly rouses the spirit... but it's best to dry your clothes as soon as possible after the rain stops. |
| When Thunder Strikes | Compared to the storms I've encountered out at sea, this is really quite tame. |
| When It Snows | I love it when it snows. The world falls completely silent... and I can sleep undisturbed. |
| When the Sun Is Out | Clear weather all around brightens the heart. |
| Good Morning | The birdsong at daybreak is nature's gift to us. Let us go. Our |

| | |
|--|---|
| | journey begins anew. |
| Good Afternoon | ...The midday sun has a way of making one yearn for a moment of sleep. What say we find ourselves a place to rest? |
| Good Evening | I gaze up at the moon and lend my ear to the gentle breeze, with wine in my cup and peace in my heart... Have a wonderful evening. |
| Good Night | The wind has ceased... The world is silent, so now is the best time to rest well. See you tomorrow. |
| About Kaedehara Kazuha: Sailing | In truth, not every night out at sea is filled with wind and waves. When the weather is clear, the moonlight flows over the rippling water, and schools of fish circle the ship's hull. At moments like that, when I look out into the distance from the prow, I feel like this journey is worth it... The only thing that takes away from that feeling is the sailors' singing. They're so loud... don't they need to sleep? |
| About Kaedehara Kazuha: Samurai Nobility | The Kaedehara Clan was once a famed samurai clan. It's a pity that by the time the noble name passed to me, the title itself was all that was left. But it is enough for me. A samurai has no need of a lavish life — we find all that we need in wine, song, and the blade in our hands. |
| About Us: Going Out to | What say you join me out at sea someday when the weather's fine? |

| | |
|--|--|
| Sea | |
| About Us: Frank Speech | I like frank people, because we can freely speak our minds to one another. There is no need to hide anything that you wish to say. I hear the voices of all things in nature, and that includes yours. |
| About the Vision | As I see it, a Vision is the proof of one's strength, not the source of it. It symbolizes the mortal desire to always keep moving forward, but in this endeavor, we samurai place our faith in our blades alone. |
| Something to Share: Bamboo Blades | Ah, you'd like to learn the art of the sword? Let me see... Alright — here, take this. It's a bamboo blade I just made. With these, we can practice sparring without having to worry about getting injured. |
| Something to Share: Maple Leaves | "On this mountain path, where the red leaves lifeless lie... My heart calls for a companion, echoing the deer's cry..." Hm... I do love maple leaves, but it is a shame that so many goodbyes seem to happen when they turn red. |
| Interesting Things | Farewell, dear gulls, please calm your cries. From this day forth, I am a wanderer once more. |
| About Beidou | I owe Beidou my life. She took me in when I fled from Inazuma and gave me the courage to return there at the most difficult time of my life. She is a comrade in whom I and all the other sailors |

| | |
|--|---|
| | can place our trust. |
| About Gorou | <p>When I was a wanted man, the resistance gave me a lot of help.</p> <p>The time I spent with Gorou was brief, but he left a deep impression on me. He's the type of person who says whatever's on his mind. He shares the highs and lows of his subordinates, and is never afraid to draw his sword for the sake of a friend.</p> <p>That's the kind of person I can really get along with.</p> |
| About Kujou Sara | <p>She defeated my friend in a duel before the throne, which I accept as proof of her great strength. But she uses that strength to serve as an oppressor's lackey, leading the Kujou Clan's troops to relentlessly seek out and confiscate Visions. This... I cannot forgive.</p> |
| About Kujou Sara: Changing Perspective | <p>I see... So she does have her own ideals that she is fighting for.</p> <p>But I have to wonder: can the Kujou family flourish as they did before once this storm has passed?</p> |
| About the Raiden Shogun | <p>I've asked myself this question many times since leaving Inazuma. Do I simply resent the Raiden Shogun because of what happened in that duel? Because of the lethal stroke she dealt my dear friend? I've thought about this a good long time, and I believe the answer is no. My friend died an honorable death in that duel, and the Shogun was not unjustified in her conduct. My</p> |

| | |
|---|--|
| | <p>dissatisfaction with her has its roots in the Vision Hunt Decree.</p> <p>No one has the right to rob another of their hopes and dreams — not even a god.</p> |
| <p>About Kamisato Ayaka</p> | <p>I'm sure everyone living in Inazuma has heard of the "Shirasagi Himegimi." The lady of the Kamisato Clan is as perfect as a person can be, though our paths have seldom crossed. I wonder what she thinks of the state of Inazuma today?</p> |
| <p>About Yoimiya</p> | <p>The last time she commissioned Captain Beidou to ship fireworks to Liyue, I unloaded the shipment myself. They were so heavy! I doubt that anyone besides her could make such huge fireworks.</p> |
| <p>About Sangonomiya Kokomi</p> | <p>During my time with the Resistance, there was no one among our ranks who wouldn't look up to Her Excellency. As someone with a great passion for military matters, victory at all costs isn't really part of her ethos. She'd always try to limit the casualties to the minimum while planning her next move. By some accounts, it also seems that she seeks to take charge of both internal and foreign affairs for Watatsumi Island. Wouldn't that be too much to expect of herself though?</p> |
| <p>About Shikanoin Heizou</p> | <p>Don't be deceived by his happy-go-lucky disposition. As soon as he gets working on a case, that restless energy he carries around turns into a razor-sharp focus. It's quite remarkable to witness.</p> |

| | |
|--|--|
| <p>About Kaedehara Kazuha: I</p> | <p>You'd like to know more about me, you say? Well, as you see, I am but a wandering samurai that you could have run into just about anywhere.</p> |
| | <p>I have a very keen sense of hearing. My ears pick up all sorts of sounds: the wind through the mountaine passes, the sound of foxes chewing an apples in the forest, the sound of crabs blowing bubbles... this is nature's favor, it allows me to sense a danger long before it draws near.</p> |
| <p>About Kaedehara Kazuha: III</p> | <p>I used to love the rain when I was small. The sound of it would lull me into a peaceful sleep. But since I've grown older, my feelings have become more... complicated. I still like to listen to the rain today, but whenever I see the storm clouds start to gather, my heart sinks and I can't help but wonder: "Hm... will some nice person let me stay the night today?" Listening to the rain in drenched clothes is hardly peaceful — hehe... nothing can be when you're constantly interrupting yourself by sneezing.</p> |
| <p>About Kaedehara Kazuha: IV</p> | <p>I never stay in a single place for very long. Stagnancy dulls both my connection with nature and the blade I wield. While I am still able to, I want to travel far and wide and meet all sorts of different people.</p> |
| <p>About Kaedehara</p> | <p>Don't worry — even if the day comes for us to go our separate ways, I am certain that we will meet again, in some corner of the</p> |

| Kazuha: V | world. The fate that brings people together is not a cord so easily cut. |
| Kaedebara Kazuha's Hobbies | I like falling asleep on a warm rock that's been soaking in the mid-afternoon sun, then waking up and continuing on my journey with no particular aim in mind. So long as I have my blade by my side, there is nowhere I cannot go. |
| Kaedebara Kazuha's Troubles | The sounds of nature turn into a clamor of noise during stormy weather. It becomes a constant buzz in my ears. If it happens at night, I end up tossing and turning all night long without getting a wink of sleep. It's quite the headache... |
| Favorite Food | The most easily obtainable food source when you're out at sea is, of course, fish. So it goes without saying that a seafaring adventurer must give careful consideration to how to cook a tasty fish-based meal... If the chance arises, I'd like you to try some of my cooking. |
| Least Favorite Food | I am not particularly fond of food that is thrown together in a hurry without much care and attention. The way I see it, if your meal consists of a single fish, you should grill it to perfection. Eating is supposed to be an enjoyable experience, so how can we stand to be so slapdash about it? |
| Receiving a Gift: I | That you can make fish taste as delicious as this is proof of your outstanding culinary prowess. |

| | |
|--|---|
| Receiving a Gift: II | Your cooking not only fills the stomach, it also soothes my soul. |
| Receiving a Gift: III | Perhaps you should get some rest? A weary mind is a recipe for flavorless food. |
| Birthday | I heard it was your birthday, so I wrote a haiku for you. Unfortunately, I'm not the most talented in this area, and after trying for several evenings, I was still only able to come up with the first two lines... I guess I'll just share what I've got so far, then. "Sun and moon rejoice / Birds of dawn sing songs anew"... Wait, don't say a word, I think the final line is coming to me... Yes, how about.... "Far from home, with you." Anyway, Happy Birthday. Let's go and get you some cake, shall we? |
| Feelings About Ascension: Intro | My blade grows keener. |
| Feelings About Ascension: Building Up | The sound of snow as it lands on the ground is so faint as to be practically nonexistent... But now, my senses are sharper than ever, and I believe I should be able to discern it. |
| Feelings About | The waves rise high out in the open seas. I, too, must reach new heights of strength. |
